RE: **Water Quality Certification Order #8111** for Bear Creek Rehabilitation Project, Wetlands  
and Bear Creek, Redmond, King County, Washington  
U.S. Army Corps of Engineers (Corps) Reference #NWS-2009-242

Dear Mr. Haley:

On December 17, 2010, the Department of Ecology (Ecology) issued a Water Quality Certification for proposed work to realign and enhance the lower portion of Bear Creek and its floodplain.

The Corps is planning to approve the project under a Nationwide Permit #27. Order #8111 contained the following condition:

A5. This Order shall be rescinded if the U.S. Army Corps of Engineers does not issue an individual Section 404 permit.

Based on the pending Corps action and consistent with Condition A5 of the Water Quality Certification, Ecology hereby rescinds Order #8111.
